

# INTER-COMPANY TRAINING

## EXPERT PANEL PERFORMANCES

### Target:

Occasional or regular users of FIZZ who wish to use the software to train expert panel and analyse the corresponding data.

### Objectives:

To provide participants with the knowledge and methods needed to use questionnaires adapted to the training of an expert panel, and to analyze the corresponding data. The training will focus on examples suited to the standard activity of a sensory analysis department.

### Content:

#### 1. Building questionnaires (reminder)

#### 2. Data analysis

Using the Fizz Collect report, Using FIZZ Calculation : Graph of scores, ANOVA, PCA ...)

#### 3. Specific Fizz questionnaires

Flavor recognition test, profile with feedback to the panelists

### Duration and format:

The training lasts 3 hours and is conducted online.

The use of two screens is recommended, one to follow the training and one to practice. The training is based on the latest version of the software, the options and functionalities may be different if you are not using it.

### Number of participants:

For the comfort of the participants, each session is limited to a maximum of 4 seats.

### Price:

See price list.
